ESTIVEN DE JESUS PADILLA SANTOS

Software developer with over 3+ years of developing with a focus on building engaging and accessible digital experiences.

Work Experience

Software Developer · **Universidad Católica Nordestana (UCNE)**
Mar 2024 — Present

- Develop, modify and manage functions, procedures and related objects regarding with the existent systems.
- Manage the database to provide reports to the respective departments following specify metrics.
- Manage of the web portal with Joomla CMS.

Project Experience

PrestameSoft API · ASP.NET Core / Clean Architecture / CQRS
PrestameSoft API, as part of one of my side projects, is designed to provide a comprehensive, scalable, and secure solution for managing loans. This RESTful API enables users to efficiently handle and track their loans, payments, and defaults, through a simple and secure interface.

Green Field Park · Astro / HTML & CSS / React
A single-page application (SPA) about a real estate project built using Astro that implements features like responsive web design and the management of a contact form that integrates with email notifications.

PrestameSoft Mobile · Expo / React Native / Redux
PrestameSoft Mobile is specifically designed to streamline and simplify the management of fortnight loans. This robust application connects seamlessly with a RESTful API, enabling users to efficiently manage their loans with bi-weekly payment schedules. The app provides a user-friendly interface for tracking loan details, payment schedules, and balances, ensuring users stay informed and in control of their paid-up capital.

Education

Systems and Computing Engineer · **Universidad Católica Nordestana (UCNE)**
Aug 2017 — Oct 2021

Language

Spanish · Native
Inglés · B2

Hard Skills

Basic

Node.js
MongoDB

Intermediate

React
Git
TypeScript

Proficient

C# / ASP.NET Core
HTML & CSS
JavaScript
Entity Framework
SQL Server
MySQL

Soft Skills

Patient
Adaptability
Communication
Continuous learning
Teamwork

Courses y Certifications

ASP.NET Core - SOLID and Clean Architecture · **Udemy** · Apr 2024

Azure Fundamentals (AZ-900) · **Microsoft** · Feb 2024

React: De cero a experto (HOOK y MERN) · **Udemy** · Nov 2023

Inglés por Inmersión para la Competitividad · **MESCyT** · Dec 2022

JavaScript Algorithms and Data Structures · **freeCodeCamp** · Mar 2022

NDG Linux Unhatched · **Cisco Networking Academy** · Mar 2021

SCRUM Foundation Professional Certificate (SFPC) · **CertiProf** · Jun 2020
