Relevant Experience

Software Engineer · Universidad Católica Nordestana
Sep 2021 — Present

- Resolve existing issues and maintaining legacy code regarding the existent softwares.
- Extract data using SQL to provide reports to different departments following specific metrics.
- Enhance the UI of the web portal.
- Manage institutional data through Office 365 administrator.

Freelancer
Aug 2021 — Present

- Develop and provide technical solutions according to business stakeholder requirements.
- Create, design, and deliver high-quality websites, and cross-platform digital experiences for a wide range of clients.

Side Projects

MyPatient · ASP.NET Core / MVC / Bootstrap

An ASP.NET Core MVC project for the Hospital Docente Dr. Francisco E. Moscoso Puello's surgery department, enhancing patient information management, medical order processing, and daily guard scheduling. Key features include comprehensive patient record management, efficient medical order tracking, simplified guard duty scheduling, and detailed quarterly reports on surgeries performed by each doctor.

PrestameSoft API · ASP.NET Core / Clean Architecture / CQRS

A RESTful API designed to provide a comprehensive, scalable, and secure solution for managing fortnight loans. This API enables users to efficiently handle and track clients' loans, payments, and balances, through a simple and secure interface.

Green Field Park · Astro / HTML / CSS / JavaScript

A real estate landing page project developed using the Astro web framework, featuring responsive design and a contact form seamlessly integrated with the EmailJS API for efficient communication management.

Azure Fundamentals (AZ-900) · **Microsoft ·** Feb 2024

React: De cero a experto (HOOK y MERN) · **Udemy ·** Nov 2023

Inglés por Inmersión para la Competitividad · **MESCyT ·** Dec 2023

JavaScript Algorithms and Data Structures · **freeCodeCamp ·** Mar 2022

NDG Linux Unhatched · **Cisco Networking Academy ·** Mar 2021

SCRUM Foundation Professional Certificate (SFPC) · **CertiProf ·** Jun 2020

Skill Summary

Basic:
Node.js
MongoDB

Intermediate:
React
Azure Functions

Proficient:
C# / .NET
ASP.NET MVC
Web API
HTML5 / CSS
JavaScript / TypeScript
Bootstrap
Tailwind CSS
JQuery
GIT
Workflow
SQL Server
MySQL
Entity Framework

Education
Universidad Católica Nordestana (UCNE)
Software Engineering
Bachelor's degree
2017 — 2021

Languages
English (B2)
Spanish (Native)
